Report On Belati Village Camp

Name of Event: Physiotherapy camp at Belati village

Date: 24/06/2026

Venue: Belati village, Aurangabad

No of Students Participated: 4

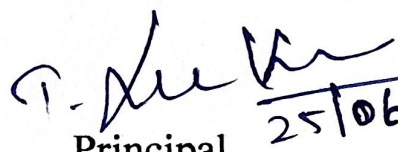

A community physiotherapy camp was conducted on 24 June 2026 in afternoon 2 pm onwards at Belati Village to provide physiotherapy assessment, treatment, and health education to the local community. The camp was attended by patients with various musculoskeletal complaints, including low back pain, neck pain, knee pain, shoulder pain, and joint stiffness.

The camp was conducted by one physiotherapy intern, three third-year BPT students, accompanied by a staff member. Patients were assessed and treated with appropriate physiotherapy interventions. They were also educated about posture correction, therapeutic exercises and home exercise programmes to promote recovery and prevent future complications.

The camp was successfully conducted and received a positive response from the villagers. It helped increase awareness about the role of physiotherapy and provided accessible rehabilitation services to the rural community.
