Report on Blood Donation Camp

Organized by: Shree Siddheshwar College of Physiotherapy, Solapur
In Collaboration with: Ashwini Rural Medical College and Hospital, Solapur

Date: 14th June 2026

Venue: Shree Siddheshwar College of Physiotherapy, Solapur

Occasion: World Blood Donation Week

Introduction

On the occasion of World Blood Donation week, Shree Siddheshwar College of Physiotherapy, Solapur, in collaboration with Ashwini Rural Medical College and Hospital, organized a Blood Donation Camp on 14th June 2026. The camp was conducted with the objective of creating awareness about voluntary blood donation and encouraging students and faculty members to contribute towards saving lives through this noble act.

Blood donation is one of the most valuable contributions an individual can make to society. The camp aimed to promote the spirit of social responsibility and emphasize the importance of maintaining an adequate blood supply for emergency medical care, surgeries, and patients suffering from various medical conditions.

Program Details

The blood donation camp commenced in the morning with the registration and screening of prospective donors by the medical team from Ashwini Rural Medical College and Hospital. Each donor underwent a thorough health assessment.

The principal, faculty members, and representatives from Ashwini Rural Medical College and Hospital inaugurated the camp and addressed the participants regarding the significance of regular voluntary blood donation. A total of 41 students and staff enthusiastically participated in the camp and donated blood voluntarily.

The medical team ensured that all safety protocols and hygienic standards were strictly followed throughout the donation process. Donors were provided with refreshments and certificates of appreciation following the donation.

Participation and Outcome

The camp witnessed active participation from students and teaching faculty. The event successfully collected valuable units of blood that would contribute to the blood bank reserves and support patients in need.

The initiative also helped raise awareness among young adults regarding myths and facts related to blood donation and encouraged them to become regular voluntary donors.
